

Hello from Snack Break Studio!

We are artist/designer team
Roni and Kim. Powered by
Roni's (right) background in
large-scale mural and 3D
installations and Kim's (left)
graphic design and illustration
experience, we collaborate
with one goal in mind: to
create unapologetically
bold interior and exterior
experiences — *and* have fun
along the way.

Let's work together!

ARTISTS' BIO

Roni | Painter + Artist

*Roni has a background in **large-scale mural installation, custom interior painting and 3D installations**. Roni is experienced at installing in-environment pieces by working with large-scale design specifications, as well as using the grid method to install murals.*

*Kim has a background in **graphic design, typography and illustration**. She is experienced at building to-scale digital artwork necessary for the specified output and collaborates with vendors throughout the entire production timeline.*

Kim | Designer + Illustrator

Together, they have over 30 years of professional experience in their respective fields. They specialize in making a vision come to life by intentionally guiding each project from concept sketches to installation, maintaining a high-standard of work along the way.

Snack Break Studio strives to work with open-minded community leaders and business owners, who want to create human connections through the unstoppable power of art + design.

WORK SAMPLE

Lakewood GCRTA Bus Shelter Wraps

Commissioned by the City of Lakewood, we created artwork for 11 bus stops on Detroit Avenue.

Two themes were developed to represent key features of the area's landscape — "Kite City" and "Forest Floor". Representing different flavors of recreation for the area — lake life and land life, specifically the Rocky River Reservation.

The artwork created for each theme is contiguous and unique to each stop.

We worked closely with GCRTA to meet visibility and safety standards and created designs within the constraints of each stop.

Tillman Park Sidewalk Mural + Sculpture

Commissioned by the Trust for Public Land for the City of Cleveland, we created a sidewalk mural and sculpture for Tillman Triangle Park located behind Garrett Morgan High School.

The pieces were developed based on conversations we had with the students at GMHS and the surrounding community. The pieces are interactive, uplifting, and hopeful. Snack Break painted the sidewalk mural and designed the sculpture. The sculpture was fabricated by a local manufacturer.

Bounce Innovation Hub

Commissioned by Bounce Innovation Hub, we designed and painted this mural for their newly expanded co-working space in Akron, Ohio.

The artwork reflects the company's progressive and technology based roots. They wanted graphic, type-driven artwork that brought in a burst of pattern and color made from the word "Innovation".

Downtown Elyria Mural

Commissioned by Elyria Community Partnership, we held a series of focus groups with the Project Ready youth program of the Lorain County Urban League to create artwork that speaks to their lived experience.

The design pays homage to the town's beloved Apple Festival. It also includes references to the nearby Cascade Park waterfall, native flowers, the local ice cream shop, bus trips, graduation, basketball and the total eclipse. The phrase "A place to be yourself" is one of their guiding lights. The kids helped to paint the inside of the smiley face at the end of installation.

NEO Office Mural

We created a mural to accompany the newly renovated downtown office at Team NEO.

The artwork reflects the company's core values and NEO industries that they serve, while complimenting the interior space of the office. The piece is centered around the custom typography of "Together" and utilizes shapes and textures that reflect the unique qualities of NEO.

WORK SAMPLE

West Hill Mural

Commissioned by the West Hill Neighborhood Organization of Akron, this 285-foot mural was created to reflect the many distinguishing features of the West Hill area.

The design centers around the typographic message “West Hill Best Hill”— built with a modern typeface, but embellished with Victorian elements — a nod to the unique architecture of nearby homes.

The adjacent landmark Glendale cemetery, served as inspiration for the Gothic flowers, bell tower and nighttime scene. A large donut sun and sprinkle motif pay homage to the country's first-ever Krispie Kream store. Critters such as ravens and a skink also reflect the unique West Hill landscape.

Youth Home Murals

Commissioned by Lake County Family Services, these three murals are part of a refresh of Caley Home to create a more welcoming and inviting environment for the home's residents and their visiting families. The pieces were developed based on conversations we had with the residents and staff. They were looking for bright, uplifting, and inspirational artwork. Snack Break designed and painted all murals.
